

## REMARKS

In response to the Notice of Non-Compliance of March 22, 2006, Applicant presents an updated claim Amendment set that conforms with the last claim set filed before the RCE filing in this case. It is believed that all identifiers are correctly presented in the attached Amendment. Applicant would also like to thank Examiner Mayo for the courtesies extended to Applicants representative during the phone discussion of April 10, 2006, wherein it was clarified that the due date for response was April 22, 2006 and that a second non-final Office Action would be generated based on the attached claim set. Reference is also made to the Arguments that accompanied this claims set just prior to the RCE filing as well as those discussed during the interview. For example, reference is made to the discussion of how Bonaddio fails to disclose a pillow that is a monolithic visco elastic foam material with the noted maximum height central region as its pillow is a wrap-around-core pillow and this non-monolithic combination is referenced as the "pillow" in the Bonaddio reference. The teachings of Bonaddio do not then allow for the wrap to be the "pillow" presented in that reference.

There is also a discussion in the interview as to how the waste region extending off the intermediate main body failed to disclose or suggest a neck contact positioned ridge extension.

If any fees under 37 C.F.R. §§ 1.16 or 1.17 are due in connection with this filing, please charge the fees to Deposit Account No. 02-4300; Order No. 032161.066.

If an extension of time under 37 C.F.R. § 1.136 is necessary that is not accounted for in the papers filed herewith, such an extension is requested. The extension fee should be charged to Deposit Account No. 02-4300; Order No. 032161.066.
